(NV002-B)

A close-up photograph of a grey metal casting. The casting has a rough, textured surface with some visible wear and a crack near the top. A hexagonal bolt head is visible in the lower-left corner. Embossed on the surface is the GM logo, the text "GM DAEWOO", the part number "96 420 073", and the code "06 - 2". A bright light source from the top right creates a strong highlight on the upper part of the casting.
